

## **Durban 2 JHB In the Dirt: Kicks off from Ballito Thurs October 5th**

**Dirtbikes, Adventure Bikes, Quads, and side by sides all welcome!**

Ride from Durban to JHB over 4 days – a fantastic Adventure!.

### **What is the Quads 4 Quads Charity Ride?**

It is a social ride in the dirt – 1000 odd kilometres from Durbs to JHB. The ride raises funds for the QuadPara Association of SOUTH AFRICA. (QASA): **Fundraising Number: NPO 000881**

**Who can come?** Anyone really – as long as you have an off road bike, quad, go-kart, dual purpose bike or side-by-side.

We do suggest nothing less than a 200cc though.

**Do we need a backup?** Yup – you have to have a backup driver – say 1 bakkie and trailer per five riders. EPS Courier Services send along a truck or two so if you cannot shake any of your mates up to come along, we will make sure that you are looked after. Backup vehicles do not travel along the same route as the bikes and quads. You need to refuel from your backup driver at two points.

**Is it technical?** There are lots of fairly technical bits, but the bulk of the ride is easy with beautiful scenery. There is approximately 10 kays of tar on the whole route; the rest is in the dirt. The route has got better and better each year as farmers open more routes to us. Dual purpose bikes are diverted on the tricky stuff.

### **Do we load and tow on any of the sections?**

No – you ride the whole way with sleepovers in the towns and villages in between.

### **Do We Need to take our own food?**

Bring snacky things and pocket money, but dinners, lunches and breakfasts are all included in the entry fee.

**Own a dirtbike? Then come join the fun**

[www.facebook.com/theadvco](http://www.facebook.com/theadvco)

### **Accommodation en route? :**

Your fee includes camping the whole way, so bring along your tents and camping gear. You may, however book into bed and breakfasts all along the route.

### **What about petrol?**

There are petrol stations every 100 kays – so bring along fuel money – roughly R800 per bike per direction – depending on how thirsty your bike is – and how high the petrol price goes... If you cannot do 100 kays on a tank, strap a spare 2 litre to the carrier. You have to refuel from your backup at two points along the trail.

### **What if we have an accident?**

We have qualified paramedics who ride with us. Helicopters and ambulances are on standby along the whole route.

**Breakdowns:** Last year we had Motonetix motorcycles with us. They took care of all of the breakdowns along the trail. More serious damage was loaded on the trucks and repaired in the towns. Carry the odd spare like master links, puncture kits, cables and tubes.

**Costs: approx. R3950.00 (to be confirmed but it will be close.)**

Includes a **donation** to QASA. **4 days** of riding. **All meals** from Thursday Morning until Sunday lunch.

A **marked trail** so you travel at your own pace. **Medics and marshals** all along the route. Camping fees.

**Ride starts in Ballito on the 1<sup>st</sup> of October.**

**Check in is on the 4<sup>th</sup> of October.** The ride starts from Sugar rush park in Ballito on the 5th. Camping facilities, clean loo's etc. If you want to book accommodation in Ballito on Wednesday the 4<sup>th</sup> there are plenty of hotels etc in Ballito, close to the start.

**To book accommodation on the trip:** 5th Oct. Weenen (032) 947-0851. 6th Oct Majuba (034) 315-5011 Standerton – 7<sup>th</sup> Oct phone Wiets (083-378-8947)

**The Quads 4 Quads ride is fun, an awesome experience and it is for such a great cause. Bookings will open soon, please contact the organizers: [foleyg@mweb.co.za](mailto:foleyg@mweb.co.za)**
